

P.O. Box 8-737, Anchorage, Alaska 99508

GENERAL INFORMATION

A hearty welcome to all of you plant lovers and nature enthusiasts to join us in our maiden attempt to organize for common purposes. After much talk and consideration a group of interested people met, discussed and planned what we feel will be a good program for the coming year. General meetings, which will be open to the public, will be held the first Monday of the month at 8:00 P.M. at "The Pub", in the Sports Complex at U.A.A. The October meeting will consist of installation of Officers and a Pot-Luck dinner and a special program. November thru May meetings will consist of a basic program of about 30 minutes plus an educational portion of about 15 minutes, and any announcements deemed necessary. June thru September will be field trips, probably two each month. A newsletter containing all dates and necessary information will be mailed to members in late April or early May. We have become organized for educational purposes and feel there is a strong interest in studying native plants, collecting and disseminating information on growing, conserving, and preserving our native plants, and will be a non-profit organization. For further information call Verna

MEMBERSHIP

Membership is open to any interested persons. Dues will be \$10.00 a year for an individual; \$15.00 for a family, 2 voting members(over18) and children; \$5.00 for full time students.
